Call2Talk Postvention Support Services

*Professional
Development*

LOSsteam MetroWest and our *Move4Ward* support group network volunteers attended this year's state conference alongside members of Call2Talk's 988 call center team.

25th Annual MA Suicide Prevention Conference

Attendees heard from key leaders in the field and chose from over 40 workshops on a wide variety of topics during the two day conference. The team left with renewed focus and commitment to serve and support suicide loss survivors and our community partners. Below: staff and volunteers gather for team photos.

Nine years of service and counting...

LOSsteam MetroWest officially launched in June 2017 through a partnership with Ashland Police Department. We are proud to now serve over 50 communities in the MetroWest area and beyond. The goal of our immediate crisis and extended support is for suicide loss survivors to seek help as soon as possible after their loss.

Visit www.lossteammetrowest.org to learn more about our program.

*Volunteer
Opportunity*

As LOSSteam MetroWest expands to support more communities, we are looking to grow our team. If you have lost a loved one to suicide and want to help others navigate their loss, we want to hear from you!

Supporting fellow suicide loss survivors...

LOSS stands for Local Outreach to Suicide Survivors. Our team is a volunteer group of loss survivors who are called to respond within the first 24/48 hours to provide immediate crisis support and local resources to the newly bereaved. If you're looking for a way to turn the pain of loss into purpose, please consider a volunteer role with our team.

Team members gather for our annual volunteer appreciation night!

Visit www.lossteammetrowest.org or contact Barb Brunzell at barbb@mass211.org to learn more.

First Responder Information Session Police representatives from partnering Grafton, Millbury, and Sutton attended alongside members of Advocates Co-Response clinical team to learn more about the services we offer in their communities.

Thank you for inviting LOSSteam MetroWest!

We are so grateful for our partners and deeply value their collaboration in supporting suicide loss survivors. To schedule a program refresher, please contact Barb at barbb@mass211.org.
