Call2Talk Postvention Support Services

*Law Enforcement
Training*

LOSsteam MetroWest, in partnership with the American Foundation for Suicide Prevention, MA Chapter, is honored to offer this free training for law enforcement in our partnering communities.

Dr. Jeff Thompson, former NYPD detective

Dr. Thompson will lead a powerful, interactive, three-hour workshop specifically tailored to the unique demands of police work and focuses on practical strategies to strengthen resilience, enhance well-being, and support long-term mental health in the profession. **Tuesday, May 12, 9am-12pm at Ashland PD.** Space is limited.

New Murder-Suicide Loss Support Group

This new in-person group is for anyone 18+ impacted by murder-suicide loss, or attempted murder-suicide. The group meets on the last Saturday of every month from 10:30-11:30am at the Call2Talk office located at 46 Park Street in Framingham.

The group provides a gentle, understanding space to share, listen, and find comfort among others who truly understand. After a murder-suicide, survivors may feel afraid, angry or isolated, and not sure what to say or do – that's where the group can help.

Facilitated by murder-suicide loss survivors and offered in collaboration with the Murder Suicide Loss Network. Contact Jenna Howe at jennah@mass211.org to learn more.

State House Day

We are thrilled to share that our nomination of Melanie Roffo and the Marco Roffo Foundation has been selected as one of this year’s *MCSP Leadership in Suicide Prevention Award* recipients.

Recognizing impactful work in the community...

The Marco Roffo Foundation was established by Marco’s family and friends to honor his legacy of compassion, generosity, and selflessness. Through community-based fundraisers and outreach efforts, the foundation strives to reflect the values that Marco lived by and ensure his memory continues to inspire hope and kindness.

Melanie and Nico Roffo, accepting the award presented by Representative Jack Lewis

Volunteer Training

Kallie Montagano, Co-Response Program Manager at Franklin Police Department, joined our virtual LOSS Team meeting to share insights about her role in the community and our longstanding collaboration.

Kallie brings eight years of firsthand experience supporting individuals and families in crisis. She highlighted the many benefits of having LTMW as a referral resource for suicide loss survivors. As law enforcement continues to see an increase in mental health-related calls, the need for supplemental support services has become even more critical.

Thank you, Kallie, and Franklin PD for our valued partnership!
